

Osseointegration for Traumatic Amputees

CURRENT CONCEPT AND MEDICO-LEGAL UPDATE

IMPROVING LIFE FOR AMPUTEES WITH THE OPRA™ IMPLANT SYSTEM

11th June 2019 | 13:00 - 17:00

20 Cavendish Square, London, W1G 0RN

ABOUT THE EVENT

London International Patient Services would like to invite you to an afternoon symposium on the OPRA™ Implant System with a leading panel of experts to share their experience following the successful launch of osseointegration at the London Clinic Hospital.

PROGRAMME

- **OPRA™ Implant and the future of osseointegration** - Rickard Branemark
- **Medico-legal reporting around amputees** - Peter Bates
- **Current concepts of soft tissue interface between the implant and skin** - Parviz Sadigh
- **Prosthetic considerations for osseointegrated patients** - Andrew Reece

We have also included a 'Panel of Experts' for in-depth discussion with the audience and the opportunity to meet a patient who had a transfemoral osseointegration with the OPRA™ implant.

MEET THE SPEAKERS

PROFESSOR RICKARD BRANEMARK

Professor of Orthopaedics
Founder of Integrum AB,
Sweden

PAUL CULPAN

Consultant Complex Lower
Limb Trauma & Orthopaedic
Surgeon

PETER BATES

Consultant Orthopaedic and
Poly Trauma Surgeon and
Medico-legal Expert

PARVIZ SADIGH

Consultant Plastic
Reconstructive Surgeon

ANDREW REECE

Principal Prosthetist
Blatchford Clinic

Osseointegration for Traumatic Amputees

CURRENT CONCEPT AND MEDICO-LEGAL UPDATE

IMPROVING LIFE FOR AMPUTEES WITH THE OPRA™ IMPLANT SYSTEM

MEET THE SPEAKERS

PROFESSOR RICKARD BRANEMARK

Professor of Orthopaedics
Founder of Integrum AB,
Sweden

Professor Branemark is internationally acclaimed as the most experienced surgeon in osseointegration, having developed the OPRA™ Implant System and founded Integrum in Gothenberg, Sweden in 1998. He has pioneered studies in titanium bone anchored prostheses with more than 20 years of experience and awarded the Hanger Prize in 2007 for his contribution to amputation research.

PAUL CULPAN

Consultant Complex Lower Limb
Trauma & Orthopaedic Surgeon

Mr Culpan specialises in the management of complex lower limb trauma patients at the largest trauma centre in Europe, the Royal London Hospital. He is one of a handful of surgeons performing 3D reconstructive surgery and has pioneered orthopaedic implants in the field of complex trauma surgery, including the only complete pelvic and acetabular specific plating system in the world.

PETER BATES

Consultant Orthopaedic and
Poly Trauma Surgeon and
Medico-legal Expert

Mr Bates is clinical director of orthopaedics at the largest trauma centre in Europe and is an honorary senior lecturer in orthopaedic trauma sciences at Queen Mary's University of London. Recognised as a global expert in major and complex poly trauma, he has engineered pioneering orthopaedic implants in the field of trauma surgery. He also works as a medico-legal expert specialising in cases involving high energy injury.

PARVIZ SADIGH

Consultant Plastic
Reconstructive Surgeon

Mr Sadigh is an accomplished plastic reconstructive surgeon specialising in post trauma reconstruction at the Royal London Hospital. He is also an honorary senior lecturer in microsurgery at Queen Mary's University of London. He sub-specialises in complex microsurgical reconstruction of the extremities in trauma and is one of a few surgeons in the UK who can operate in this subspecialty.

ANDREW REECE

Principal Prosthetist
Blatchford Clinic

Mr Reece is the Principal Prosthetist for Blatchford Clinic in the South of England. With over 15 years of clinical experience, including Clinical Lead of Prosthetics at the world renowned Prosthetic Service at Queen Mary's Hospital in Roehampton, Mr Reece has developed expertise in the prosthetic treatment of complex lower limb amputees and osseointegration cases.

To arrange a free osseointegration clinical assessment on the 12th of June with Professor Rickard Branemark, Andrew Reece and Mr Paul Culpan, contact mandyhon@lips.org.uk or +44 (0) 7494 306 443.
